### 11. **Clio Newton: Venus at Forum Gallery Inc.**

Thirty-year old American artist, Clio Newton, presents a series of large-scale composite portraits in her first solo show at [Forum Gallery Inc.](#) The charcoal drawings are a mix of the two genders with distinctly female heads and male bodies. Though unsettling at first glance, the genders blend in seamlessly to form one body where the “simultaneous maleness and femaleness are provocative and compelling in their reference to the gender fluidity of this era.”
